Amendment # (for amendments only):

I, as one of the below member entity authorized officials, certify that to the best of my knowledge, the information contained in this application is correct and complete, that the entity that I represent has authorized me to file this application, and that such authorization action is recorded in the minutes of the local agency's board meeting.

The participating or intermediate education agency named has been designated as the administrative and fiscal agent for this project and is authorized to receive and expend funds for the conduct of this project. The fiscal agent is accountable for all shared services arrangement (SSA) activities and is therefore responsible for ensuring that all funds including payments to members of SSAs are expended in accordance with applicable laws and regulations.

All participating agencies have entered into a written SSA agreement that describes the responsibilities of the fiscal agent and SSA members, including the refund liability that may result from on-site monitoring or audits and the final disposition of equipment, facilities, and materials purchased for this project from funds specified below.

It is understood that the fiscal agent is responsible for the refund for any exceptions taken as a result of on-site monitoring or audits; however, based upon the SSA agreement, which must be on file with the fiscal agent for review, the fiscal agent may have recourse to the member agencies where the discrepancy(ies) occurred.

Any additional funds that result from an increase will not require additional signatures. **Each member identified below acknowledges accountability for the requirements contained in the provisions and assurances listed in Schedule #2, Parts 2 and 3, as applicable.** Each member entity certifies its agreement to participate in this SSA, as stated throughout this grant application.

Schedule #5—Program Executive Summary

County-district number or vendor ID: 084906

Amendment # (for amendments only):

Provide a brief overview of the program you plan to deliver. Refer to the instructions for a description of the requested elements of the summary. Response is limited to space provided, front side only, font size no smaller than 10 point Arial.

The objectives outlined in this grant application are critical to ensure that these students who are unaccompanied youths or homeless are successful not only during the current school year, but in the years to come as well. By monitoring academics, attendance and graduation requirements, we can address needs as they arise. A positive and proactive stance will allow TCISD the opportunity to get students the support they need before the situation becomes overwhelming or hopeless. Homeless students have an over burdensome task – they must overcome the hardships of being displaced or homeless, which comes with its own concerns and challenges. The additional support that may be needed to ensure success in the school setting should not fall on their shoulders and force them to seek out or request assistance. Additionally, parent involvement will also be a focus for this grant. Often it is assumed that parents who are experiencing hardships are not interested in being part of their children's' academic life. TCISD will remove barriers that keep parents from being active participants. By helping assess their needs, and providing resources, and referrals if necessary to community services, parents will hopefully get more involved. Surveys will be given to parents to help assess the areas they would like training or information in with regards to helping their children. This effort will be on-going throughout the year. The last key component of this will be teacher and staff training. Teachers are the ones who will have contact with students each day. If they are trained to recognize student needs at an early stage, then they can help divert potential issues and provide support and guidance to these students. It is the ultimate goal of TCISD to provide constant touchpoints for homeless students so that they are academically, socially and emotionally successful throughout the school year and for years to come.

Schedule #13—Needs Assessment

County-district number or vendor ID: 084906

Amendment # (for amendments only):

Part 1: Process Description. A needs assessment is a systematic process for identifying and prioritizing needs, with "need" defined as the difference between current achievement and desired outcome or required accomplishment. Describe your needs assessment process, including a description of how needs are prioritized. If this application is for a district level grant that will only serve specific campuses, list the name of the campus(es) to be served and why they were selected. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Homeless is the lack of permanent housing resulting from extreme poverty or from the lack of a stable and adequate living arrangement. According to SchoolHouse Connection, a national organization promoting success for children and youth experiencing homelessness, over 1 million children and youth nationwide, pre-k -12, were identified and enrolled in school in the 2015-2016 school year which is a 7% increase over 4 years. The organization reports Texas data as 115, 676 which is a 30% increase over the past four years. 42% of students who experienced homelessness report dropping out of school at least once and 60% report it was hard to stay in school while they were homeless. Homelessness is associated with an 87% likelihood of dropping out of school.

Overcoming homelessness through education is supported by the McKinney Vento Act and funded by the TEXSHEP grant. Federal and state laws, with assistance from federal funding through the grant, helps homeless students receive immediate enrollment, school of origin transportation, case management and academic support which will improve attendance and graduation rates.

In an attempt to support the National Campaign to improve homeless graduation, procedures will be implemented to assist homeless students with appropriate credit for full or partial coursework completed at a prior school. TCISD wants to work with previous schools to calculate, award and receive partial credits, as well as make any necessary adjustments to the student's schedule to permit the student to complete courses started elsewhere. We must maximize all credit recovery opportunities for homeless students. Also, homeless students will receive counseling to prepare and improve their readiness for college (including college selection, application, financial aid and on-campus supports).

Attendance has been a major concern for homeless students as many are reluctant to attend school because they may not have the clothing, hygiene and school supplies needed. TCISD would like to remove these barriers and increase attendance rates to 97%-100%. Homeless students will feel confident that they can attend school, feel good about themselves and have required items to help them be successful. Increased home visits or visits to shelters by the homeless coordinator can improve relationships established between the school and family. Also, increased monitoring of student's attendance can reveal potential problems or barriers that can be alleviated through effective case management by the homeless coordinator.

Academic support is vital to homeless students because of their high mobility that could result in multiple school enrollments within a year. Changing schools can have a negative impact on students' academic and social growth. According to the National Association for the Education of Children and Youth, highly mobile students, including homeless students, are known to have lower test scores and overall academic performance than peers who do not change schools. Additional tutoring services, enrichment programs, extended day programs and other supplemental services can ensure students receive the appropriate assistance needed to be successful in the classroom. Homeless children and youth must have a full and fair opportunity to succeed in school. 42 U.S.C. 114232(g)(6)(A). To benefit from these programs, students must have access which starts with immediate enrollment in school.

Last but not least, parental support is critical to the success of homeless students. Parental workshops and information sessions help parents remain involved in their child's education. Frequent communication with parents regarding academic, attendance, behavioral and emotional/social issues is vital. Many stressors exist in the lives of homeless families but school success, including graduation of homeless children, should not be one of them. Educational success helps decrease the likelihood of future homeless statistics.

Amendment # (for amendments only):

Part 3: Feedback and Continuous Improvement. Describe the process and procedures your organization currently has in place for monitoring the attainment of goals and objectives. Include a description of how the plan for attaining goals and objectives is adjusted when necessary and how changes are communicated to administrative staff, teachers, students, parents, and members of the community. Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

TCISD has a district-wide plan that address monitoring the academic progress of students. Campus administrators are well versed in creating monitoring groups that they assess throughout the year. The campus presents a campus plan to Central Office as well as the Board of Trustees each year. In this presentation, they must address how they achieved their goals and the plan for addressing the areas that are still an issue. This plan is part of the continuous improvement cycle for the district and is reviewed each summer during the Administrator's retreat with all campus administrators. Campuses involve their key staff members in this process as well. Parent and community members are part of the campus improvement committee and their input is invaluable during the writing of the improvement plan and the evaluation of programs. All stakeholders in the district can view these improvement plans on the district website or at the community library.

Part 4: Sustainability and Commitment. Describe any ongoing, existing efforts that are similar or related to the planned project. How will you demonstrate a commitment to education for all homeless children and unaccompanied youth? Response is limited to space provided, front side only. Use Arial font, no smaller than 10 point.

Although we have only been active participants in the Homeless grant for the last two years, we have always worked to meet the needs of our homeless students. Our established identification process allows us to provide immediate enrollment. During this enrollment we assess needs the student has that may prohibit them from being successful. Through collaboration with numerous agencies and countless hours by the Homeless Coordinator, these students' needs are addressed as quickly as possible. Families are referred to community service agencies when their needs are outside of what the district can provide.

All evaluations conducted by TCISD will monitor both program participants and measuring individual changes in academic performance, attendance and progress towards graduation. Measures will also look at the same data of non-homeless students. It is critical to determine how homeless students are performing in relationships to their peer. The academic data will include core subject areas. Attendance will be monitored each progress reporting period. Progress towards graduation will be monitored through a transcript audit at the high school level. Campus counselors will work with the District Homeless Liaison to determine which students are at-risk of falling behind or not progressing successfully. This local and state evaluation data will refine, improve, and strengthen the services we provide to our students.
